the capability of today s man has become so narrow that it is painful to imagine today s human life is reduced to working eating sleeping and reproducing first they placed today s man in a certain place then gave him the wrong values national values patriotism ideological values they caught him at a certain point they closed all avenues for him they took away his chances today s man knows nothing about life he sees nothing of creation today s man never knows how far the beauty of nature and divine creation is spread he knows nothing because his whole life is spent fighting over things that are all lies and illusions his life is wasted fighting and struggling with his comrades he never gets anywhere that is why he is in agony then few people take advantage of the facilities and the nations beat each other over the head they are busy enjoying life and creation the sole mission of humanity today is to provide land for certain groups to live on human slavery today has become so brilliant that it has almost assumed the color of sanctity and godliness in the name of knowledge and education he learns the art of slavery in the first half of his life and in the second half he does his slavery they call it alive

the weird thing is that even if we are free beings we feel like prisoners trapped into an unwanted reality and all looks a lot with a nice concentration camp today i see unhappiness everywhere at poor people but also at people that have all what they ever wanted all look like prisoners into a weird prison generated mainly by their thoughts unhappiness is not depression no hell no this unhappiness i am talking about is simple the result of the fact that happiness is not there is not such a big suffer but people are conscious that life is not what they really wanted they simple are alive and have a life and it s ridiculous that many have all they ever dreamed but they still carry on their faces that ugly mask of unhappiness i look at all those people around myself but also at my own life and i realise that it all looks like we live in a reality looking more like a concentration camp but this is a place where we actually have all we ever wanted except the fact that we had became prisoners of circumstances of connections with people we don t really like of lots of other things we can t really accept into our lives of course we are in better position than the ones suffering of depression which are in fact living in realities similar with the real prisons but still we can t express our wildness side we are not allowed to do it we simple have to respect lots of rules that are ruing our chances to be happy this ugly concentration camp drives us crazy but we can t get out from there and it looks like we will most probably remained trapped in there forever there is no real way out so we don t really live in a prison but we are still prisoners into a weird place so similar with a concentration camp except the fact that we have all we ever desired the paradox itself is that the universe allowed us as all we wanted to become real except the fact that we probably forgot to ask for the most important thing happiness so dominated by unhappiness life keeps going with no real hope that something will really change we remain there not realising that being happy or unhappy can actually be a simple decision or maybe i should say staying in that concentration camp or leaving is just a decision

i wrote 10 books about love but maybe someone should come to forbidden me the right of speaking about the subject cause to be honest i was writing so much about it but i don't really know what love is when i was personally involved i was blind i was not seeing clear absolutely anything at all most probably being so so deep in those stories i did not have the ability to see everything detached and it all became illusory for my mind and i had so contradictory perceptions but one day someone told me an interesting story about how he got all what he wanted in his life except love this story made me decide to start writing a new book about the subject but from a new perspective this time i was the one that watch the play like a spectator i was looking at him but also at her i was not interested to analyze more one of the sides but only and only the connection between those souls my new friend started to tell me more and more about his life and the paradox that even if he succeeded to get from life all he ever dreamed he could not see any joy at all for himself there was no reason for him to smile or to be happy his face was always sending to everyone the impression of a profound unhappiness but one day the guy which by the way was a married person met an amazing lady and asked her to be his love teacher he could not say it from the beginning but the next second he had this opportunity he found the guts to say it and the funny thing was that she said yes she accepted the fact that he was married cause there was no other chance to be together for the present moment so they started the lesson brian this was his real name was telling me new and new details many times i was simple smiling not really knowing how to define the 2 of them but later i realize that carla was in the same position as him she tried many times to find the happiness the universe sent in her life so so many men but all of those relationships looked like what we could name as pathless paths this time with this guy brian all looked different and he really wanted to understand what love is about he came to me confessing about his amazing story with carla and we were wondering why the hell we had to learn so so many things in school but never about love his relationship with carla became kind of a therapy a weird one but even if it was a slow process my friend brian started to feel like a different person he was visiting her in her small studio spending so so many hours together kissing her discussing together but also making love she was teaching him the tremendous power of touch the meaning of feelings and how love can heal our souls everyday was a new lesson she was his therapist but liking her so so much and falling in love with her he became her therapist also in the night he was coming back at home and he was meditating more and more of what he was doing had no regret that he was cheating his wife cause the connection itself was broken by a long long time and he loved this kind of therapy everyday he wanted to spend more and more time with her her energy all that love felt while being into her arms even if there were moments when they simple practiced the silence was making him feel cured i was analyzing them more and more until one day when i had the chance to meet her also and i had the same feeling regarding carla that she was also having therapy with my friend brian love therapy now i was looking from outside at all this and i actually saw my stories all my love stories i was analyzing and defining them but i was trying to understand my stories and my way of acting from the past it all became so damn clear now looking at brian and carla i suddenly understood that all i was doing into my past in all the love stories was to heal my soul i needed therapy also but i was afraid of following a classic way at a regular therapist all needed to be abstract to hide the fact that i needed to heal my broken soul i smile realizing that all those partners were my therapists brian and carla made me understand much clearer my own story and many others as them seeing detached all those love stories defining them in my writings little by little i started to understand what love is about and its tremendous power
